## Premium Sports Artwork by DGriffinArt

I'm Daniel, a Kent-based illustrator and animator, specialising in capturing iconic moments and stadiums in football through my unique artwork. With over ten years of experience, I've worked with collectors, fans, and businesses to create high-quality images that bring the spirit of the game to life.

My work has been featured in the Design Museum's 'Designing the Beautiful Game' exhibition, and I take pride in translating football's emotion and history into stunning visuals.

While the artwork featured in this brochure is football-focused, my style can be applied to create artwork for a variety of sports. My work is versatile and can be used for stadium interiors, hospitality suites, club shops, museum exhibitions, retail environments, branding, digital content, and marketing campaigns. Whether it's celebrating a legendary moment or showcasing the beauty of a stadium, my illustrations offer a distinctive way to enhance spaces, products, and experiences.

## Panoramic Stadium Prints

Offering highly detailed cross-sectional perspectives, my panoramic stadium prints capture the unique atmosphere, scenery, and architecture of grounds around the world in intricate detail.

These striking images can be tailored to fit any space and serve multiple purposes — whether used decoratively, for wayfinding, as part of an interactive exhibit, or to enhance fan engagement. They can also be fully animated for display across multiple screens, bringing the atmosphere to life or showcasing the evolution of a stadium over time.

When displayed together, these prints unfold a narrative—a visual timeline of a club's greatest triumphs. They celebrate the highs and the drama of the moments that define a club or team.

Every illustration is carefully crafted to make the image as accurate as possible, from the players' movements to the unique stadium details, to the crowd reactions.

These prints make a bold statement in any space. Available in a range of sizes and materials, they are designed to bring the spirit of the game to life.

These dynamic animations are perfect for engaging fans through social media content, enhancing hospitality and reception areas, or creating immersive features in club museums.

Designed to captivate and tell a story, my animations provide a unique and engaging way to showcase the beauty of the game.
